NO/KV/28

6th August 1943

To: D/R

From: NO

With reference to our conversation with AD/E on Wednesday, 4 Aug 43, attached hereto is the Report which I have made upon the O.D. Wireless Channel, together with two Appendices.

It is interesting to note that, since the completion of this Report, a further telegram has been received by the Dutch Government from SWITZERLAND which considerably strengthens the conclusions which have already been drawn.

This latest telegram was the subject of a 3-hour discussion last night with Major LIPTINCK, but further study is necessary fully to explore the implications which it bears.

A subsidiary report will be issued upon this telegram in due course.

In the meantime, with your approval, copies of this first Report and Appendices will be issued to D/CE and D/CE.SS.1, who were connected with the initial enquiry.

Information Bureau

Bern

22-11-'43.

Most Immediate. The following is for Somer or his substitute, under number 25. Most personal. For the information of Colonel de Bruine. Most personal.

Lt. Johan, Bernard Ubink, whose alias in England Udema and code letters CEN, dropped as parachutist in Holland during night of 30 November/1 December '42 and sergeant Pieter Dourlein, alias Diepenbroek, code letters ACC, dropped during night of 9/10 March '43 arrived here. They are evidently persons mentioned in my telegrams 8 & 17.

Both declare that they were awaited by reception committee on dropping point, knowing their code-names Louis and Paul, but appeared to consist of N.S.B.'ers and German Storm-Polizei, who immediately arrested them. During their interrogations it appeared that Germans fully au fait of entire organisation, also of code and all contact points with pass-words, also overseas. Since a long time Germans maintain code-contact with England as if they are parachutist. They estimate at least 130 men already arrested in that way, so that entire organisation in hands of Germans.

During night of 29/30 August last they escaped from prison. They suspect Major Bingham of treason without daring to accuse him directly and ~~must~~ insist on great caution with this telegram. On 25th November I am able to send them to Spain along our ordinary route, but measures have to be taken in order to finish their stay in Spain as soon as possible, as their further information in my opinion very important. Do you agree herewith or is it the wish of British Service to give them another assignment. Please wire immediately whether they really are what they pretend to be.

Description former: height 1 meter 82, face long and narrow, fair hair, eyes blue-grey, nose rather big and wide, somewhat bent, scar on left knee. Of latter: ~~height~~ height 1 meter 78, face long somewhat triangular, heavy chin, somewhat protruding lower-jaw, hair dark-fair, eyes grey-green, heavy eye-brows, nose long and narrow, top middle-finger left hand damaged, on right lower-arm tattooed anchor.

ACTA

Dit is een militaire organisatie in België, die als doel heeft bij een invasie hulp te verleenen door het bezetten van fabrieken, postkantoren, bruggen, banken, stations, etc. en arresteerden van Nazi's.

Hoofdkwartier is Kasteel Groenendaal buiten Brussel.

Chef is Charles Melotte (Lt.).

Acta en Banco kennen elkaar. Wubb is huisvriend van Melotte.

Stouthamer had al een dergelijke organisatie in Z.Vl. en heeft zich bij Acta aangesloten, omdat deze afdelingen heeft direct over den grens, o.a. te Selsaete.

Aan het hoofd in Zeeland staat thans B.H.3 Gilbert de Belère.

Organisatie.

De bedoeling is groepen op te richten van 10 man met een sergeant aan het hoofd. Men heeft reeds een groep te Sas van Gent en een te Westdorpe. Het doel is dit door geheel Zeeuwsch Vlaanderen te verbreiden. De Acta-leden kennen elkaar niet. In het begin kenden zij alleen Stouthamer en thans alleen Gilbert de Belère. Alleen in geval van actie komen zij samen. S. heeft hen persoonlijk opgesocht en uitgekozen. Hun aantal zal intusschen door B.H. 3 wel zijn uitgebreid.

Wapens.

De afdeling Z.Vl. beschikt over 1 Lewis mitr. en ca. 6 revolvers. Deze zijn verborgen door de Belère.

S. werkte verder samen met Dr. van Looy, Stationstraat te Sas van Gent. Deze bezorgde arbeiders gecamoufleerde ziektes, zodat zij dan werden afgekeurd voor Duitsland. Zoo liet hij o.a. een oplossing met bloed drinken, hetgeen de zelfde verschijnselen als een maagzweer gaf. Zelfe de Duitse dokter van de keuring kon dit bedrog niet ontdekken. Wulffaart stuurt verder betrouwbare arbeiders naar Dr. van Looy, die hen ongeschikt maakt voor arbeid in Duitsland.
